

Alan E. Umstead
Vice President, Pre-construction Services
Senior Project Manager

Brief Resume:

Mr. Umstead has extensive experience in the Washington Metropolitan area, providing pre-construction services and construction management services, new construction, and the construction of major additions and renovations to existing buildings or facilities. He is experienced in healthcare construction, high-tech and specialized facilities, and tenant construction. He has a proven track record of taking complicated and technically challenging projects and successfully completing them on time and on budget. He has been responsible for projects that have ranged from a \$30,000,000 hospital expansion program, to a \$2,000,000 renovation project.

Recently, Mr. Umstead has also assumed the role of financial oversight for Twin along with his other corporate responsibilities.
