

## **Paul M. Thomas** **President**

### **Brief Resume:**

Paul Thomas is president of Twin Contracting Corporation, a full service commercial General Contractor specializing in base building construction, tenant interior and fast-track construction, specialized and technical construction and healthcare construction. Under Mr. Thomas's leadership, Twin prides itself on superior execution in highly specialized commercial market niches.

Mr. Thomas began his career at Twin Contracting in 1985. During his 23 years at Twin Contracting, Mr. Thomas has successfully played many roles. He started as an estimator and became project manager in 1986. In 1993 Mr. Thomas was promoted to Senior Project Manager and Safety Officer. In 2000 Mr. Thomas was named Vice President of Twin Contracting and in April, 2005 Mr. Thomas was named President.

Mr. Thomas is responsible for construction operations, corporate planning, policy and performance.

Mr. Thomas serves on the Twin Contracting executive committee, operations committee and marketing committee. Mr. Thomas is also responsible for the ongoing training and development of Twin Contracting project management staff and serves as the Company's Safety Officer.

Mr. Thomas has a strong reputation for customer satisfaction. He has earned this by his commitment to meet his client's needs in unusual project requirements. His attention to detail, project management skills and high level of integrity continue to be valuable assets to both his clients and to Twin Contracting.

Prior to joining Twin Contracting Mr. Thomas was an Estimator with Sigal Construction Company.
